HARRISON HAPPENINGS

Mrs. J. W. Reed went to Omaha last Saturday night.

Sunday school at 10 o'clock; everybody invited. W. H. Davis, Supt.

Just received: A new consignment of men and boys clothing at GERLACH'S.

More and better goods for the same money at Gerlach's store than any other place, try them.

I will commence a Revival Meeting at Pleasant Ridge Monday, Dec. 7. Everybody is invited to attend.

L. W. Horton, Pastor.

We acknowledge the receipt of 2 volumes of the collections of the Nebraska Historical Society for which we are very thankful and find them full of information.

If you want a snap in Ladies and children shoes go to GERLACH'S where you can buy them cheaper than in any eastern city. They now have a large assortment.

Robert Coffman, who has been working for Bob Keel during the past year, and a brother of Mrs. Keel, left last night for Madison Co. Virginia where he will visit relatives this winter.

J. W. Reed, J. C. Parsons, Marcus Valdez, Geo. Davis, N. L. Tipton and others shipped cattle from here to Omaha last Saturday. This will probably be the last shipment made from here this fall.

November the 27th has been set apart as a day of Thanksgiving. It may be a sad day for the Turkey, but should be remembered as a day to thank our creator for his many blessings that are being bestowed upon us as a people.

GRAND BALL.

There will be a dance at Andrews Hall Thanksgiving evening Nov. 27. All cordially invited to attend and have a good time.

R. C. Dunn.

Mrs. DeBock made a pleasant call at our sanctum Monday. She says that Henry and Herman have decided to locate in the Big Horn country. They and their families have all been sick since they moved there, the high altitude not agreeing with them at all.

Cut this out and take it to J. E. Phinney's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best. Physic. They cleanse and invigorate the Stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

NOTICE.

Harrison, Neb., Nov. 12, 1902.
Parties holding Sioux county warrants No. 192, 191, 189, 190, 194, 177, 59, 112, 174, 195, 175, 196, 201, 202, 158, 173, 181 are hereby notified to present them for payment.

John I. Davis,
Co. Treasurer.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, RALPH S. MEYERS, 64-30 Third St., Wheeling, W. Va. For sale by all Druggists.

On last Tuesday morning we noticed several of our popular town women being all togged up, and bugles being driven to the different residences, and of course we became curious to know what was going on, but as our sporting Editor was busy just then, and we being a benevolent for these many years kept quiet until we saw the procession leave town in a southerly direction, and we then began to make inquiries as to what was up, and we were informed these were the Royal Neighbors going to the home of Mr. Unit that they might pay the respects to one of their number, Neighbor Unit. Some suggested that this was women's rights day. We can't say as to that, but we will wager a cookie that that Unit can tell something about whether their rights were respected or not; provided he didn't take to the hay now like a scared cat on the approach of this Royal procession. Among the number present were: Mrs. W. H. Phillips, Mrs. H. A. Priddy, Mrs. W. H. Davis, Mrs. J. H. Withersdorfer, Mrs. Earnest Lyon, Mrs. E. P. Malone, Mrs. El O'Connor, Mrs. Tipton, Mrs. Valdez, and Mrs. L. Gerlach. We saw part of them on their return in the evening, and from the smiles upon their faces, no doubt they had a jolly time and no doubt the dance at home did too.

A number of our young folks assembled at the parsonage last Friday night to participate in having an enjoyable time, and they were not disappointed for they were sociably entertained and enjoyed themselves by playing games until a late hour. A jolly good time was had all around, and especially the kissing part of it, for some of the young men imagined they were being kissed by some pretty young girl, but when some of them found out that a young man was doing the kissing act they were as hot as blazes but it is a miracle that he is still living. Moral—Boys don't go into anything blind folded.

TO THE SUPERINTENDENTS OF SIOUX, DAWES, SHERIDAN, BOX BUTTE, CHEYENNE, SCOTTS BLUFF, GRANT AND BANNER COUNTIES.

My dear superintendent:
I expect to be in attendance at the Northwestern Nebraska Teachers' Association to be held at Crawford, Friday and Saturday, November 28 and 29, at which time I will be pleased to talk with the county superintendents present relative to matters of interest. Should the formation of a Union Normal Institute in your section of the state be contemplated for next year, I will be pleased to discuss with those interested preliminary plans.

Yours very truly,
W. K. Fowler,
State Superintendent.

On November 28 and 29 the Northwestern Nebraska Teachers' Association will meet in Crawford, and I suggest to all school boards to close your schools so that your teachers may be able to attend this meeting, for it is there we will discuss methods and etc., so the one or two days lost will be overbalanced with the information that your teachers will receive, for it will be handed down to the pupil by the teacher. So I hope that no district will feel too poor to grant this time to your teacher. I not only hope to meet all the teachers there, but members of the school boards, and patrons don't forget the date for we expect to have the best meeting we have ever had since its organization.

Andrew Happenings.

Mrs. J. R. Hunter and son Harold went to Harrison on No. 3 and returned on No. 4.

Mr. Art Haggard and family moved to Andrews Saturday, Ray and Roy will attend our school here. We welcome them.

Mr. J. Jones went to Crawford Friday and came back Saturday bringing his stray yearling with him.

Andrews School will give an entertainment the evening of Dec. 19th. The program will consist of selections appropriate for closing and Christmas day combined, you are cordially invited to attend.

Emily McIntosh commenced school November 11th. Her brother Howard the 12th.

We have two more new scholars this week. Ray and Roy Haggard. We are very glad to see them and welcome them in our midst.

Mr. Madden came over from Crawford Saturday evening and remained till Saturday. Then with the aid of other help left their old home here for a new one there. We wish them happiness and prosperity there.

Mr. and Mrs. Proctor and daughter Eva went to Harrison last Saturday, and report a pleasant trip.

What's the matter with the school bells here? She's all right that crook reporter.

Mr. Robert Coffman was an unexpected visitor at Mrs. S. E. Jones' last week. He arrived Saturday evening about 6 o'clock and stayed till 2 o'clock Sunday. He has been working for Mr. Ray Keel at War Bonnet. We were all very glad to see him but sorry that he leaves Sioux County.

There were 26 present at our Sunday School last Sunday collection \$1c.

There were visitors from Harrison as follows: Misses Ida Moravick, Dollie R. Priddy, Maud Barlett, and John W. Bartlett. Linley R. Priddy, Ab. Upphouse, George O'Connor, and John Burke. We hope they can come often and help in our singing. We look for Supt. Burke again soon as he is always faithful in Sunday School work.

In Wyoming.

George Davis, shipper of cattle from Harrison, on last Saturday. He accompanied them to Omaha.

Andrew Christian shipped two cars of cattle from Coffee's siding, on last Saturday. He went to Omaha also, and expected home on Wednesday of this week.

John Davis, Earnest and Z. G. Dend started on Tuesday of last week for an extended outing and hunting tour. We expect that they will be full fledged gunners and will have bagged lots of game, by the time they return.

There will be a dance at the W. O. W. hall tomorrow night.

Charlie Thomas proved up on his homestead on last Saturday.

Mrs. Charles Thomas received a new piano last week.

George Davis has rented James Rice's place for next year, so we hear.

Sam Holterfield bought T. O. Williams timber claim, so we are informed.

Chris Christian and Mr. Church each lost a horse by the barb wire route a short time ago.

Len, Nellie M. and Nellie T. Christian attended quarterly meeting in Harrison last Sunday.

Boy Zim Brunnen sports a top buggy now. He is bound to be up-to-date with no flies on him now.

Mrs. H. Church has been ailing for some time. Dr. Phinney was called a short time ago whose diagnoses of the case, was tumor, and advised an operation at once. She expects to go to Omaha for treatment just as soon as arrangements can be made for the trip.

Mr. Murphy had trouble with his well last week and had to pull the pump and sand out of the well.

Tom Dunn is having a well put down on his homestead over in Nebraska.

A Mr. Zimmerman, from some where in the east, accompanied by Ed Jones of Lusk, was working the people out here for life insurance last week. He sure had the knack of working his jaw to perfection and the New York Life Ins. Co., has a good agent in the person of Mr. Z.

We were not very much off in our predictions concerning the election returns. Mr. Richards was re-elected by 4000 and Frank W. Mendenhall, M. C. by 8000 Plurality, while our county officers had a close shave to get in. The democrats elected Blackwell for treasurer, and Lowery for county commissioner while Sheriff McErmott R. just got in by a tight squeeze.

No sister Chis, we are not as yet amid snow laden hills, but are enjoying the finest fall that has ever been known here, even by the oldest settler.

ZIMMEL.

FROM MRS. E. L. R. E.

Hutchins, Colo. Nov. 11, 1902.

We are having the first storm of the season and this is not much of a storm. It rained during the night last night and there was some wind a part of the night. We had two or three showers this morning but no wind, and this afternoon it rained quite steadily for three or four hours—it is still cloudy tonight, so we may have more before it is over but it is warm and seems more like September than a November storm. Almost every week we have had threatenings and I have thought now we were going to have a touch of winter, but it has not come yet.

We moved from the tent into the house Oct. 25th, just three months after we reached Hutchins. We have a cellar nearly ready for the winter stores, the next thing will be a stable; we had however that almost anything does for a stable here. Haven't seen but one first class genuine barn and that was built by a rich man and owner who doesn't live here. Horses don't seem to need much shelter, a few logs, poles or something of the kind made into the rudest kind of a shelter seems to be sufficient even in place otherwise pretty well improved.

Mr. Keel has been making a few trips to the coal mines from 10 miles away, to secure winter coal. The coal seems to be quite good and costs \$1.25 per ton at the mine. Coal is not so scarce as it was a few miles from here; it makes pretty good coal, not quite so hot as anthracite, but not much cleaner. We are glad that the coal strike does not effect us, but rejoice for the sake of the general public that it is over.

I have been trying my hand at packing apples and find it as pleasant as the peace packing; there are some differences, the apples are packed in the crates instead of the fruit house—are not wrapped in paper and the packers stand at the tables instead of sitting as at the peace packing. The pay is \$1.25 per day; we began Oct. 1st and the work in Mr. Jones' orchard lasted two weeks; most of the time there were six packers and 4 pickers with two or three men to haul up the boxes, haul them in & out. We had nice weather, a little cool in the mornings, but the sun soon warmed us up. The most of the apples were Ben Davis, with some other winter varieties; they are packed in two grades, only the perfect apples going in the firsts, the poorest, worn, blemished, or signs of decay, and anything with more than two small worm holes went in the culls for cider—hardly for vinegar for the people I was working for sell no cider.

Our railroad is going straight in toward the mountains and it is thought that it will go straight through to Denver, giving us a route 200 miles nearer than we have had. Hutchins is booming, at present, a good deal of building both of business houses and residences going on and every thing seems prosperous. New settlers are coming in and our friends, who have come here from Nebraska all seem to be doing well. All of which is encouraging to new comers. There has been a good deal of Typhoid fever in the town, but we have a different water supply and think we are all right.

We are glad to see the report of big crops in Cotton wood Valley, and shall not advise any body to move.

Emma L. Rice.
